This tax book is designed to help you understand the effects of life events on your taxes as they happen, rather than after filing your return and getting the good or bad news. Organized into over 50 sections such as: I'm Having a Child, I'm Getting Married, I Lost my Job, I Bought a House, and I'm Going to College. This book lets you learn about what YOU need to know about. The book is written in plain English, with very little Taxese (IRS gobbledegook). Each section is written in the most sensible way appropriate to the topic, and they generally start with the most common situations before delving into the more difficult or rare scenarios. This allows you to read only what you need to. This is the book to have year round!.
