Today most conservative Christians are waiting on the return of our Lord Jesus Christ. This expectation is based on the many prophecies given in the Bible and is a subject that has occupied scholars of all times. Many explanations have been proposed and your understanding is totally dependent on which branch of interpretation you have been taught. This book will challenge many of the established truths you may have heard. There are many books about Biblical prophecy, but I have still not found one that puts all the puzzle pieces (prophecies) together in a way that gives a clear and complete picture. Some books use only a few of the puzzle pieces, while I feel others try to force the puzzle pieces in place to make an image that fits with a presumption or a particular view. To properly understand what the different prophecies mean, it is important to have perspective. A misguided perspective makes prophecy hard to understand and leads to wrong conclusions. This book offers a consistent reconciliation of all the major prophecies in the Bible concerning the second coming of Jesus Christ. This means that all the puzzle pieces are put together in a way that provides a complete and clear picture of Jesus's return. The results of my research have staggered me and changed my view on Biblical prophecy. I hope this book will impact you as well.
