The discovery of the power to influence and persuade other people can be a shock, especially when it evolves out of a situation that threatens to ruin the life of a young girl. Tess, the heroine of the story, finds herself immersed in a real life situation that few can cope with nor understand. Tess's road to solving her problem requires that she go backward in time, undoing all that she had accepted as fact until she finds a bedrock to build upon. What she discovers is far different than she expected. What she had viewed as a liability becomes her greatest asset as new values replace old beliefs. The solution to her problem becomes an evolving process using this new knowledge to replace the simple views of a young girl. Tess's road to enlightenment can be a shared experience with the reader and hopefully identify values that will carry beyond the last page of this book.
