Reviews

It is an awesome ebook which i actually have at any time read through. It usually fails to charge excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.

Decorativa Press, United States, 2015. Hardback. Book Condition: New. 254 x 203 mm. Language: English . Brand New Book ***** Print on Demand *****.In this beautifully photographed view into how Palm Beachers really live, Remodelista and self-described layman Cultural Anthropologist, Carolina Fernandez brings her business acumen and artistic sensibilities to unearth its art and design scene, and to help others feel its rapidly rising heartbeat. By exploring the visual and material culture in which one lives, and by surrounding oneself with things that possess beauty and meaning, Fernandez believes that one adds deeper layers and further dimension to the human experience. Palm Beach. These two little words conjure images of the veritable paradise described by Henry Flagler, and of the official destination point for the world's wealthiest. What few realize is that Palm Beach and its surrounding neighborhoods hold more material goods in more high-quality dealers, consignment and thrift shops than any other defined geographic area in the country, per capita. Not only is the sheer volume palpable; the astounding quality begs further exploration of how, exactly, Palm Beachers design and decorate their homes. A tectonic shift in aesthetic has swept the island, enlivening the atmosphere with new-found electricity. Fernandez examines this new design landscape and distills it into easily digestible bites. Helping homeowners understand how to infuse Palm Beach style by mixing treasured inherited objects with serendipitous and re-imagined finds in creating their own unique design calculus meets her anthropological mission head-on. As a room-by-room guide, distinct design preferences ubiquitous to the Palm Beaches, as well as its unique palette, patterns and textures, are explored, with homage to the demands, as well as the revitalizing qualities, of the Sun, Sea Air. With more than 200 hundred full-color photographs and rich text, she walks you inside twenty-two homes, fifteen...
