

The Religion of Man (Paperback)

By Noted Writer and Nobel Laureate Rabindranath Tagore

Monkfish Book Publishing Company, United States, 2004.
 Paperback. Book Condition: New. 213 x 142 mm. Language: English . Brand New Book. Tagore is unequivocal in his faith. He appreciates the intellectual triumphs of science, but he writes as a poet and philosopher. Man must always be a music-maker and dreamer of dreams; he must never lose, in his material quests, his longing for the touch of the divine. He traces the growth of the idea of God from primitive notions to universality. Today, as he says, all barriers are down and the God of humanity has arrived at the gates of the ruined temple of the tribe. His book rings with joy and affirmation overstepping all limitations of race and creed. His estimates of western civilization are searching and some of them written in acid one reads much between the lines-but Tagore recognizes the true strength of the west and the faults of the east. The lectures are actually a superb and haunting criticism and evaluation of life from the viewpoint of an immemorial philosophy by a wise man. - Christian Century
