Brand New Book ***** Print on Demand *****.In 1931, Winnie Ruth Judd killed two of her best friends then cut one of them into pieces. She packed their remains inside two storage trunks and boarded a train for Los Angeles with the dead bodies as "luggage". The media circus surrounding her crime was a parallel of the O.J. Simpson case in the mid-1990s. Reporters and readers alike were hungry for every sordid detail. Ruth, as she was known to her friends, would be tried and sentenced for execution until being declared mentally incompetent. She would later be remanded to the care of the Arizona State mental hospital where she would "escape" over seven times. During her last escape, she would journey to northern California where she would adopt an alias and avoid detect for over six years before her recapture.
