Reviews

This book will not be simple to get going on reading but extremely exciting to read through. Yes, it can be play, still an interesting and amazing literature. I am very easily could possibly get a delight of reading a written book.

Simon Schuster Children s Publishing, United States, 2010. Paperback. Book Condition: New. Reprint. 203 x 137 mm. Language: English . Brand New Book. Lindsay Scott hit the big time at age five, when she became the star of the television show Just Me and the Kids. It seemed like she was set for life--until she had a nervous breakdown when she was eleven, because Lindsay had suddenly developed a very dangerous sense of ESP--the ability to hear what anyone was thinking about here, at any time, anywhere in the world. Lindsay s father whisked her away to her long-gone mother s house in small town Springdale, and Lindsay was amazed to discover that within the four walls of the house, she can t hear anything out of the ordinary. And so Lindsay has stayed hidden in the house, safe from other people s thoughts, doing her best to stay out of sight and let the world forget her. When the tabloids print a where are they now story about her, claiming that Lindsay s maniacal father has kept her imprisoned in her house for the past five years, a couple of well-meaning teens attempt to rescue Lindsay. For the first time in five years, Lindsay is outside the protective quiet of her house. And that s when she hears the one voice she never expected to hear: her mother s. When she discovers that perhaps her mother didn t leave voluntarily, she has a choice to make: will she risk everything to find the truth about her past--and the source of her ability?.
