Balboa Press. Paperback. Book Condition: New. Paperback. 168 pages. Dimensions: 8.4in. x 5.4in. x 0.6in. Anita allowed her intuition to lead her on a journey of self discovery. As a Counsellor and Trainer, she shares with you how her life changed when she learnt to listen to her intuition. Her life has been full of synchronicities and she will help you to identify yours. She invites you to join her on her solo trip to New Zealand where she identified 28 lessons she experienced along the way and by recognising and learning from each one she became more aware of her intuition. Anita encourages you to use her experiences as a lesson on developing your own intuition too. Too many doubt their own potential and never try to achieve their dream, because they have been damaged by bad thought patterns. Allowing myself to be free to experience was giving me permission to rebel from the normality of middle age. It was a huge awakening and women everywhere were asking Dont you feel lonely. Surprisingly, I didnt! Learning how to change her thought patterns changed her life! She had already made major changes in her life and felt more in tune with her destiny but now began to take much bigger steps toward achieving it. The journey became exciting and the more she trusted her intuition the more fulfilled she became. The synchronicities that happened, the people she met, the places she visited were all part of the bigger picture . . . and she knew she was not necessarily meant to know the reasons why . . . all we need to do is experience what is happening now and not force the outcome, everything will be revealed when the time is right...
