

The Origin and Formation of the Dental Follicle: The First Memoir on the Development of the Teeth (Classic Reprint) (Paperback)

By Charles Legros

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Origin and Formation of the Dental Follicle: The First Memoir on the Development of the Teeth An apology will reasonably be expected be expected for presenting this translation to the profession. It will require but few words, and I cheerfully offer it. The deficiency and inaccuracy of the literature, in our own language, on the origin and development of the tooth-germ and its associate parts, render it almost worthless, as compared with the more recent researches of foreign investigators. The only exception I would make is that of the valuable work of Professor Tomes. If anything more is required, I refer the reader to the following pages, which, so far as I have been able to do justice to the authors, will be their own apology. Some of you will remember that, nearly twenty years ago, one of the authors of this memoir, Dr. Magitot, in connection with Dr.Oh. Kobin, wrote a treatise entitled, The Genesis and Development of the Dental Follicle) to the Epoch of the Eruption of the Teeth, a large portion...

Reviews

This ebook is great. It typically will not expense a lot of. You will not sense monotony at at any moment of your own time (that's what catalogs are for about when you question me).

-- *Shaniya Torphy PhD*

A new e-book with a brand new point of view. I really could comprehended everything out of this written e publication. I realized this publication from my dad and i encouraged this publication to understand.
